

Medical Director SouthRiver Community Health Center

Adapt has provided quality services to Beautiful Southern Oregon for over 45 years. As we continue to grow, we are always seeking skilled professionals of the highest caliber of competence and integrity that share our commitment to provide world class service to the community.

\$20,000 Signing Bonus, Very Competitive Salary and Moving Expenses Offered

Adapt is currently recruiting a full time Medical Director to join their SouthRiver Community Health Center team!

PRIMARY DUTIES:

- Performs essential duties and responsibilities of Medical Director for Adapt/SouthRiver. Actively participates in regular meetings with management staff, representing the providers and other Clinical Services staff.
- Participates in discussions and problem-solving regarding revenue generation, budget and financial plan, strategic planning, organizational systems, patient satisfaction, personnel policies, salaries and benefits, contract provisions, expansions or reductions in staff, facility or services, as these relate to medical program concerns.
- Orients, arranges for appropriate clinical supervision and evaluation of, and oversees the schedules of new providers, locum tenum providers, and health care professionals in training.
- Oversees medical program accreditation/certification application and compliance.
- Represents the clinic at local, state, regional and national meetings by mutual agreement with the Chief Executive Officer.
- Acts as liaison regarding clinical issues for the staff with Region X, US Public Health Service, National Health Service Corps and other groups or agencies, if appropriate.

Quality Assurance & Improvement:

- Acting through the QA/QI Committee, the Medical Director will assure compliance with the CQI Policy & Plan of ADAPT and SRCHC.
- The Medical Director will sit on the monthly QA/QI Committee meeting and the quarterly QA/QI Oversight Committee.
- The Medical Director will have responsibility for recommending revisions or additions to the CQI Policy & Plan and submit the Plan.

Policies, protocols, and procedures:

The Medical Director will review and be familiar with established clinical policies, protocols, and procedures that affect and direct the functioning of clinical personnel within Adapt, including independent licensed providers, physician assistants, licensed nursing staff, and unlicensed nursing support staff.

Supervision:

The Medical Director will participate in annual performance review of all licensed independent providers and physician assistant staff at Adapt.

Qualifications: Current license in the state of Oregon to practice medicine. Completion of medical degree program. Professional clinical experience in Family Practice, Alcohol/Drug Addiction and Psychiatry. Current Oregon Medical license in good standing; Current DEA license; CPR and ACLS certification, current buprenorphine waiver.

The successful applicant will receive a generous signing bonus and also be eligible for help with moving expenses. Excellent salary and great benefits. Adapt offers two insurance plans to all eligible Full-Time employees and their families, in which Adapt currently pays 100% of the premiums. In addition, a 401K plan is available to all employees and contributed to by Adapt after a specified time of employment.

Why move here? Roseburg, Oregon is in a beautiful community one hour from the Pacific Coast beaches, one hour from snow covered mountains, one hour from the Oregon Ducks at the University of Oregon and an easy 3-hour drive to Portland. With less rainfall and more sun our climate is one of the best in the state of Oregon. I personally love the area and moved here 12 years ago, to raise my daughter and enjoy a higher quality of life. We enjoy the mild weather, friendly community, extensive; endless outdoor opportunity such as hiking, biking, kayaking and camping. Others enjoy fishing, boating, recreation offered on the 45 miles of sand dunes along our coast and then some are all about the amazing skiing and snowmobiling opportunities at Crater Lake, Mt. Hood and many other amazing mountains in the area. Regardless of whether you are into the outdoor activities or not, the beauty is endless.
